Author Index

All of the authors who have published in the *Wesleyan Theological Journal* during its 40+ year history are listed in alphabetical order by their surnames. Accompanying each name is the volume (and issue) number, year, and the title of the contribution. The most convenient way to read an author's contribution, is to consult the Volume index and click on the links. Within each volume are bookmarks or hyperlinks to make it possible to locate a particular article more quickly.

The digitized texts are copyrighted (© 2010) by the <u>Wesley Center Online</u> of Northwest Nazarene University. A concerted effort has been made to have the contents of each volume and page correspond with the original print version. Because this was the work of countless hours by nearly a dozen different student scanners and editors, however, there remain inconsistencies in appearance from volume to volume. We intend to impose a greater uniformity to future editions of this collection. Please, report any errors to <u>gllyons@nnu.edu</u>.

To navigate this index more quickly, make use of the bookmarks found on left of your PDF Reader.
